# VISHWARAJSINH CHUDASAMA

**Surat, Gujarat, India | 9408280568 | Email| LinkedIn | GitHub**

## ❖ Objective

Motivated and enthusiastic Master of Computer Applications (MCA) student looking for an opportunity to apply my technical knowledge and gain practical experience in the IT field. I am a quick learner with good problem-solving skills and enjoy working with a team. I can work well in a team and take responsibility as a team leader when needed. I am always ready to learn new technologies, improve my skills, and contribute to the organization.

## ❖ Skills & abilities

- **Software & Development Tools:** Visual Studio Code, Android Studio, GitHub
- **Programming Languages:** Python, PHP, Java, C# , JavaScript, SQL
- **Frameworks and Technologies:** React, ASP.NET, Tailwind CSS
- **Database & BackEnd:** MySQL, SQL Server, Firebase
- **General IT Skills:** Strong foundational computer knowledge

## ❖ Project Details

1) **RouteGuard (Java, Android, Firebase):** Developed a community-based road safety and traffic reporting application that allows users to report roadblocks, traffic congestion, accidents, and other road-related issues in real time, helping commuters, logistics companies, and daily travelers make safer and more informed travel decisions.
   **Project Details** **Download Application**

2) **VChat Web (React, TypeScript, Firebase):** Developed a responsive real-time messaging web application featuring private chats, group chats, friend management, user search, notifications, profile management, and real-time data synchronization.
   **Project Details** **Live Demo**

3) **VChat (Java, Android, Firebase):** Developed a real-time messaging application featuring private chats, group chats, friend management, and cloud-based data synchronization.
   **Project Details** **Download Application**

4) **VLabs Portfolio (React, TypeScript, Tailwind CSS):** Created a modern responsive portfolio website to showcase projects, skills, and technical expertise.
   **View Portfolio**

5) **Hotel Room Booking System (ASP.NET, SQL Server) Sem-6:** Developed a web-based hotel booking platform with reservation management and customer record handling. (Group project)

6) **School Attendance Management System (C#.NET, SQL Server) Sem-5:** Built an attendance tracking system for recording, managing, and generating student attendance reports. (Group Project)
